

WEEK#3 / GAME #3

KINDNESS REQUIRED

KINDness is defined as an attitude or action that benefits others. It is directed towards others, and enjoyed by others and builds them up.

Just as patience promotes those who don't promote themselves, So, KINDNESS builds up others.

Cruel people try to give themselves a boost by harming others but the strategy backfires. Trying to harm others will eventually be returned to you.

People who help others also help themselves.

Have people been unkind to you? There is a chance the reason lies within yourself. Have you extended kindness to others? A person reaps what he sows, and if one sows kindness, he will reap it as well.

An un Biblical saying says God helps those who help themselves. But the Bible does say that God does help those that help others.

Who can you be KIND to today? On the field? @ School? In your family?

Sow that seed and C the FRUIT!

MEMORY Verse:

A KIND man benefits himself

A cruel man brings trouble on himself

Proverbs 11:17
